

## DEKATI® DEED ACCESSORIES

<b>Dekati® DEED units</b>		
<p><b>Dekati® Engine Exhaust Diluter DEED</b></p> <p>Package includes DEED unit incl. two Dekati® Diluters and an evaporation chamber.</p> <p>230 V 110 V</p> <p>DEED-AIR with two Dekati® Diluters and a catalytic stripper</p> <p>230 V 110 V</p>	<p>DEED-100 DEED-100B</p> <p>DEED-200 DEED-200B</p>	
<b>ACCESSORIES</b>		
<p><b>Pressurized air filtration and drying unit</b></p> <p>Incl. pressure regulator and gauge, particle filters to remove solid and oil particles from the dilution air and a silica gel dryer or molecular sieve for water removal.</p>	<p>DI-1010b</p>	
<p><b>Pressurized air filtration and drying unit with membrane dryer</b></p> <p>Incl. pressure regulator and gauge, particle filters to remove solid and oil particles from the dilution air and a membrane dryer for water removal.</p>	<p>DI-1032</p>	
<p><b>Heated sampling line for post-DPF tailpipe connection</b></p> <p>Incl. perforated probe and connectors</p> <p>230 V: 1.5 m 110 V: 1.5 m</p> <p>230 V: 3 m 110 V: 3 m</p>	<p>DEED-150 DEED-150D DEED-150C DEED-150B</p>	

<p><b>DEED-300 High Pressure Diluter for pre-DPF connection</b></p> <p>Operation pressure range 30-1000 mbar overpressure from ambient, maximum operation temperature 600 °C</p>	<p>DEED-300</p>	
<p><b>Exhaust hose for DEED-300, 1 pc</b></p>	<p>DEED-310</p>	
<p><b>DEED-500 PMP compliant cyclone</b> (no isokinetic inlets included)</p>	<p>DEED-500</p>
